The diagram illustrates a file dependency structure. At the top is a gray rectangular box containing the header file path 'COP290new/include/3Dto2D.h'. Below this box are two white rectangular boxes. The left box contains 'COP290new/src/3Dto2D.cpp' and the right box contains 'COP290new/src/Main.cpp'. Two blue arrows point from the top-right corner of the left box and the top-left corner of the right box towards the bottom edge of the top gray box, indicating that both source files include the header file.
